CAREER OBJECTIVE

To develop a career in a dynamic and challenging environment where hard work, strict discipline, and sincerity are welcomed. I have a desire to give my full effort in the job so that the institute can make a profit that will facilitate achieving my own goal too.

KEY COMPETENCIES

<i>Web Design (Front-End)</i>	<i>Web Development (Back-End)</i>	<i>Offices Management</i>
HTML, CSS, JavaScript Bootstrap Framework	PHP, MySQL Database Laravel Framework	Word, Excel, PowerPoint, Google Forms, Sheets, docs etc.

EXPERIENCE

Trainer of Office Management System

Bondhon Computer & Traning Center (Dhaka), SBIT (Feni)

2021 - 2022

When I learned to know myself, I started learning computers. Along with that, I liked to develop others as much as I developed myself. That's why I gradually worked as a trainer in various institutions and taught computers to many students. So I always try to teach others along with my own education.

Front-End WebDesigner

Dreamland IT (work with online)

2022 - 2023

I worked as a front-end web designer at Dreamland IT, I specialize in creating visually appealing and responsive websites. Design user-friendly web interfaces using **HTML**, **CSS**, **JavaScript**, and **Bootstrap** that provide a seamless experience across all devices. I collaborated with their team online to turn creative ideas into reality and ensure the best functionality and design for each project.

Web Developer

BugBuild Labs (Laravel Developer)

2024 - 2025

I was working as a Laravel developer at BugBuild Labs Software. Since it is a software company, I had to work hard. This allowed me to learn better. Here I joined the internship and started my professional development career with **PHP**, **Laravel**, **Ajax**, **jQuery**, and **MySQL Databases**. I am constantly trying to improve myself.
